Over one year, PUC's share price has lost 68.7% of its value from 33.5 sen per share on Jan 9, 2018. On Dec 31, the group announced that it had proposed to acquire the remain-

ing 67% interest in Pictureworks Holdings Sdn Bhd, a company that provides an imagery capture and distribution platforms for theme parks, leisure and entertainment industries, for RM167.5 million.

under review. On Jan 7, managing director Datuk Teoh Seng Kian sold five million shares, or a 1.01% stake, through direct off-market deals at 28 sen apiece.

On Jan 8, Teoh sold 5.5 million shares, or a 1.12% stake, for 30 sen apiece. The disposals pared down Teoh's stake in the property developer to 8.5%.

Earlier on Jan 3, Meda's largest shareholder, Datuk Tiong Kwang Hee, disposed of 1.27 million shares, or a 0.26% stake, through direct off-market deals at 30 sen apiece, paring down his stake to 15.74%.

Interestingly, the disposals come as Meda is trying to raise RM37 million through the issuance of 98.5 million new shares at 38 sen per share. The proposed private placement and issuance of shares have been approved by Bursa Malaysia.

The funds raised will be used to build a mixed-use development comprising water and thematic adventure parks, an education campus, hotels, villas, a shopping mall and an entertainment and convention centre on a 622-acre parcel in Kuala Linggi. ■
