### **Presto partners with Agoda to bring extensive booking options and incentives to App Users**

In another local app news, **Presto** announced a new mini-app called **PrestoTravel**. As the name implies, it can be accessed through Presto app and connect travellers to enjoy holidays through travel bonuses and cashbacks, as well as Agoda where users can browse for 290,000 hotels at their fingertips.

Starting from 8 August 2019, travellers can purchase air tickets through Presto App, whether domestic or international all housed under one roof. On top of the already discounted deals from Agoda, by simply making payment with PrestoPay. The cashback Presto users can earn is limitless as it is based on the total transacted amount and it will be redeemable after they have checked out from their hotels or utilised the services. All transactions in the Presto ecosystem can be made via PrestoPay.
